

TAKE THE PAIN OUT OF SALES TAX COMPLIANCE

Online sellers are now responsible for collecting and remitting sales tax, even when they do not have a physical presence in the state. Navigating sales tax nexus is a cumbersome process, with policies varying by state. etailz partners with TaxCloud, a Certified Service Provider, to offer our partners the best solution for automated sales and use tax compliance for both online and brick & mortar sales.

WHY USE A TAX SERVICE?

Sales & Use Tax Compliance by Yourself

- Download sales tax reports from your marketplaces, including sales from brick & mortar and your direct website.
- Manually reformat reports to be compatible with tax software (likely using a database; Excel is often not able to handle the report size).
- Calculate the sales tax due based on rates that must be gathered either manually or through a paid service.
- Prepare all required tax returns on the correct cadence (monthly, quarterly, annually).
- Other Requirements:
 - Stay current on all legislative and rate changes issued by taxing jurisdictions.
 - Respond to any tax notices received from taxing jurisdictions.

Sales & Use Tax Compliance with etailz

- One-time setup with step-by-step instructions.
- TaxCloud handles sales tax calculations for all 9,998 taxing jurisdictions.
- Returns are automatically prepared and submitted by TaxCloud on your behalf.
- TaxCloud manages any follow-up notices on your behalf, working with the jurisdiction to resolve the issue.
